### **Brief introduction of company**

We are happy to introduce ourselves as a reputed precision parts (engineering) manufacturing company, engaged in supplying machine parts/die parts /sub assemblies to various ltd company as an “Original Equipments Manufacturer” (OEM). Our major customers are from heavy injection molding machine, extrusion machinery manufacturer, textile machine manufacturer as well as packaging machine manufacturer.

We are in this business since 2006 and have grown from small organization to a small scale industry since 2009. We are approved for “MSME certification” by reg. no. 24-007-11- 17032 in year 2009.

### **What we do for you ?**

*"Single window solution" for any kind of development,  
including out vended **further surface treatment process like***

*Hard chrome plating*

*Nickel plating, Electro less nickel plating*

*Zink, Bleu Zink*

*Phosphating, Manganese Phosphating*

*Blackodizing*

*Natural and Hard Anodizing etc.*

**Heat treatment process like**

*Induction hardening*

*Vacuum hardening*

*quenching and tempering*

*Annealing*

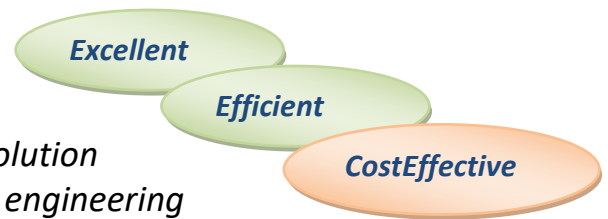

## ***Our prime AIM***

*"To Touch the Hearts of our esteem customers by workmanship and services at superior quality and on time with most modern engineering, at a competitive price".*

## ***Our Mission***

*Evolve Excellent, efficient and cost effective solution  
Amalgamated with innovations in the field of engineering  
With honesty, technical intelligence and dedication  
We measure our success by the value that we gain from our customer.*

-  *To act & excel as an "OEM" vendor for precision parts-components & Die parts, extrusion machinery sub-assemblies.*
-  *To provide all purchase related function, as a single point solution by way of product process development, in-house production, outsourcing, quality checks, inventory, etc. as dedicated project.*

## ***Why us?***

-  *We accepting orders of just 1 piece to 10000 piece per month..*
-  *Capability, experience and expertise for new component development.*
-  *Vast experience providing parts in filling packaging, injection molding, extrusion machinery, textile machinery, ceramic industries.*
-  *We provide dimensional inspection report for every single part in each supply, Material chemical composition report on client's request.*
-  *Professional packing for each parts.*
-  *Proper handling and dispatching for ready parts.*
-  *Proper training to operator and subordinate, giving awareness about 5S, kaizen as well as 6sigma to improve workmanship.*
-  *Programming with the cam licensed software ZW3D.*
-  *Using high branded tooling like wohlhaupter, tungalloy, bilz, YG, OSG etc. to avoid ovality, chattering marks, proper Go Nogo tapping.*
-  *Having account management monitoring software (Soltrack).*

*"We are sincerely pleased to provide superior quality and all time perfect service for present and prospective customers all over India".*

## Promoters & Directors :

**K.M.Gohil** has a wide experience of marketing, production, machining, quality and now manages company administration.

## Infrastructure and facilities:

- ✚ Plant & office: Located at Mahadev estate-ii, CTM-ramol road. In 350 square Mt. area with sufficient power back up & environment related infrastructure.
- ✚ Production facilities: well known all kind of calibrated equipment – Machine shop with conventional machines, computerized machine facilities supported by quality department.
- ✚ Out sourcing facilities: As promoters have rich experience in vendor development and project handling, we are engaged in developing & sourcing components and supplying it in dually finished forms.

## Commercial details:

- ✚ GST NO. - 24ALOPG8635N1ZI
- ✚ PAN NO. - ALOPG8635N
- ✚ ACC.NO. - 00920102636
- ✚ BANK - THE KALUPUR COMMERCIAL CO-OPERATIVE BANK LTD
- ✚ IFSC CODE - KCCB0VTV009

## Customer list and profile

- ✚ Windsor machines ltd. - Injection & extrusion machinery
- ✚ Kabra extrusientechnik ltd. - Injection & extrusion machinery
- ✚ Rollepal engineering(i) pvt.ltd. - Extrusion machinery
- ✚ Haitain machinery – injection moulding machinery
- ✚ Sacmi engineering india pvt. ltd. - Filling and packaging
- ✚ Kostwein machinery - Packaging machinery
- ✚ Bectochem loedige process technology pvt ltd. – process technology machinery

## Installed Machinery

✚ VMC Machine cosmos	1050 x 610x 600mm
✚ VMC Machine BFW	500 x 400 x 350mm
✚ CNC machine Lokesh	Dia. 350 x 650mm
✚ Lathe machine Atul	10' 10" center
✚ Lathe machine Assemble	9' 10" center
✚ Lathe machine Shiyoni	7' 12" center
✚ Lathe machine sagar	7' 10" center
✚ Gun Drilling Assemble	Dia.8 to 30mm x 2000mm
✚ Radial drill Prabhat	Drilling up to 38mm
✚ Drill Prashant	Drilling up to 25mm
✚ Bandshaw sagar	Cutting Up to 200mm dia.
✚ Roller polishing shakti	150mmx600mm
✚ shaft grinder sunner india	

## Measuring instrument

✚ Bore gauge	Yamayo	6-12 mm
✚ Bore gauge	Yamayo	18-35 mm
✚ Bore gauge	Yamayo	35-60 mm
✚ Bore gauge	Mitutoyo	50-150 mm
✚ Bore gauge	Yamayo	150-250 mm
✚ Height gauge	Yamayo	0-600 mm
✚ Micrometer	Yamayo	0-300 mm
✚ Vernier caliper	Aospace	0-450 mm
✚ Dial Vernier	Mitutoyo	0-300 mm
✚ Dia indicator	Mitutoyo	10mm (2 nos.)
✚ Ring gauge	Baker	3mm to 30mm
✚ Thread Plug	Baker	3mm to 12mm
✚ Plain plug gauge	Advance	3mm to 35 mm

**All Measuring instrument calibrated on 05 August 2020.**

**Thank you!!**
